Ok I know you weren't expecting more great Onyeabor remixes, we weren't, but here they are. The legendary John Talabot from Spain remixes the Hot Chip cover of Onyeabor's "Atomic Bomb." Love Fingers and Secret Circuit from L.A., get together as Secret Fingers and mix "Let's Fall In Love." The amazing Japanese artist Oorutaichi remixes the apt "Atomic Bomb" in his own very unique free style, and from Nigeria Ikon remixes this African Hip Hop reinterpretation of Onyeabor's "Smooth and Good" done by Show Dem Camp & Funbi. Nuff said?
